

LOWER LIMB ENDOVASCULAR SYMPOSIUM

Hyatt Regency Hotel, Birmingham

Friday 19th October 2018

0830-0930 Breakfast Meeting (VaLSA Abstract Session)

Chairs – Rob Davies & Hany Zayed

08.30 – 08.40

Early outcomes following hybrid lower limb revascularisation

Tom Hardy¹, George Dovell^{1,2}, Marcus Brooks¹, Robert Hinchliffe^{2,1}

¹Bristol, Bath and Weston Vascular Network, Bristol ²NIHR Bristol Centre for Surgical Research, Bristol

08.40 – 08.50

Revascularise at all costs: are the costs of revascularisation justified in avoiding amputation in a cash-strapped health service?

Daniel Urriza Rodriguez¹, Dominic Howard^{2,1}

¹Oxford University Hospitals NHS Foundation Trust, Oxford ²Nuffield Department of Surgical Sciences, University of Oxford, Oxford

08.50 – 09.00

Female gender was associated with improved clinical outcomes at 1 and 3 years in the Bypass versus Angioplasty in Severe Ischaemia of the Limb trial

Ruth A Benson^{1,2}, Lewis Meecham³, Catherine Hewitt³, Andrew Bradbury³

¹University of Birmingham, Birmingham ²University Hospital Coventry and Warwickshire, Coventry ³Birmingham Clinical Trials Unit, Birmingham

09.00 – 09.10

Meta-Analysis of comparative trials evaluating prophylactic use of Negative Pressure Wound Therapy system following closed

surgical incisions after vascular surgery procedures to prevent surgical site complications

Muhammad Junaid Sultan¹, George Smith^{2,1}

¹Hull Royal Infirmary, Hull ²University of Hull, Hull

09.10 – 09.20

Outcomes of Thrombin Injection for Iatrogenic Pseudoaneurysms

Nadeem Mughal, Eleanor Atkins, Ayoola Awopetu, Patrick Coughlin
Addenbrooke's Hospital, Cambridge

09.20 – 09.30

Lower Limb Endovascular Fellowship 2018

Report from Muzzafar Anwar, Imperial College London

0930-0935 Introduction

Rob Hinchliffe, Bristol

0935-0955 New Horizons – Wires, catheters and balloons

– Cook, Medtronic, Abbott and Boston Product Specialists (Facilitator: Rob Hinchliffe)

0955-1120 Iliac Disease

Chairs – Klaus Overbeck & Michael Lichtenberg

0955-1020 CERAB – How to do it. Does it work?

Daniel van den Heuvel, Netherlands

1020-1050 DEBATE: Surgery is best for TASC C & D Aortoiliac Lesions?

FOR: Paddy Coughlin, Cambridge vs

AGAINST: Jonathan Smout, Liverpool

1050-1110 Difficult Iliac and Aortoiliac Cases & Bailout Strategies

Klaus Overbeck, Sunderland

1110-1120 PANEL DISCUSSION

1120-1140	Coffee		
1140-1225	Femoro-popliteal Disease (I) <i>Chairs - Konstantinos Katsanos & Symeon Lechareas</i>	1440-1500	Michael Lichtenberg, Arnsberg, Germany My approach to BTK lesions – which guidewire & which support catheter? Konstantinos Katsanos, Greece
1140-1155	Vessel preparation prior to DCB or BMS/DCS (laser, atherectomy, scoring balloon, crack & pave) – what does the evidence tell us? Thomas Zeller, Germany	1500-1515	PANEL DISCUSSION
1155-1210	Spot stenting vs Full Metal Jacket – which is best? Athanasios Diamantopoulos, London	1515-1545	DEBATE: Distal bypass is best for CLI? FOR: Hos Nasr, Dudley - TBC AGAINST: Leith Williams, Wirral
1210-1225	PANEL DISCUSSION	1545-1605	Coffee
1225-1330	Femoro-popliteal Disease (II) <i>Chairs – Kaji Sritharan & Ray Ashleigh</i>	1605-1635	Research – Spotlight on Anticoagulation Rob Hinchliffe, Bristol & Kaji Sritharan, Liverpool
1225-1240	Understanding the Supera™ stent – when and how? Miltos Krokidis, Cambridge	1635-1740	BTK Disease (II) <i>Chairs – Thomas Zeller and Leith Williams</i>
1240-1300	New Horizons – where are we going/how are industry overcoming the barriers? Thomas Zeller, Germany	1635-1655	How aggressive should you be BTK (should you revascularise more than one vessel; should you reconstruct the plantar arch) and how do you know when you've done enough? Maarit Venermo, Finland
1300-1310	PANEL DISCUSSION	1655-1710	How should the approach to Diabetics with CLI differ to that of non-diabetics with CLI? Andy Weale, Bristol
1310-1410	Lunch	1710-1725	Cook Medical MARS- Manchester Amputation Reduction Strategy Naseer Ahmad, Manchester
1410-1515	BTK Disease (I) <i>Chairs – David Shaw & Maarit Venermo</i>	1725-1740	PANEL DISCUSSION
1410-1425	BTK Disease: What does the endovascular evidence tell us – DCB, or stent? Stephen Butterfield, Manchester	1740-1745	Close of Meeting Kaji Sritharan
1425-1440	Deep Venous Arterialisation – How to do it and does it work?
