1430-1545 BTK Disease (I)

Chairperson – Jonathan Smout and Michael Lichtenberg

1430-1500 DEBATE: Distal bypass is best for CLI?

FOR: vs AGAINST: Martin Claridge, Birmingham vs
Leith Williams, Wirral

1500-1515 BTK Disease: What does the endovascular evidence tell us – DCB, or stent?

Steve Butterfield, Manchester

1515-1530 How should the approach to Diabetics with CLI differ to that of non-diabetics with CLI?

Andy Weale, Bristol

1530-1545 PANEL DISCUSSION

1545-1605 Coffee

1605-1620 Research – Spotlight on Anti-coagulation

Kaji Sritharan & Rob Hinchliffe, Bristol

1620-1735 BTK Disease (II)

Chairperson – Thomas Zeller and TBC

1620-1640 My approach to BTK lesions – which guidewire & which support catheter?

Konstantinos Katsanos, Greece

1640-1700 How aggressive should you be BTK (should you revascularise more than one vessel; should you reconstruct the plantar arch) and how do you know when you've done enough?

- TBC

1700-1715 Deep Venous Arterialisation – How to do it and does it work?

Michael Lichtenberg, Arnsberg, Germany

1715-1730 PANEL DISCUSSION

1730-1735 Close of Meeting

Kaji Sritharan

ORGANISING COMMITTEE

1. Rob Hinchliffe, Bristol
2. Kaji Sritharan
3. Klaus Overbeck, Sunderland
4. Leith Williams, Wirral
5. Martin Claridge, Birmingham
6. Ray Ashleigh, Manchester

INVITED FACULTY

1. Konstantinos Katsanos, Greece
2. Jonathan Smout, Liverpool
3. Thomas Zeller, Bad Krozingen, Germany
4. Athanasios Diamantopoulos, London
5. Steve Butterworth, Manchester
6. Michael Lichtenberg, Arnsberg, Germany
